You will be furnished the decorations at cost by these gentlemen, as it is desired that every house in the city should be decorated for this big occasion.

THE "WIZARD OF OZ." I

—The "Wizard of Oz," with all its pretty girls, clever comedians and dazzling stage effects will be seen at the Grand Monday, March 5th. It will be with regret, if it ever becomes necessary, that the American public will bid farewell to "The Wizard," the Scarecrow, the Tin Woodman, Dorothy Gale, Trixie Tryfle and all the other characters which have made this one of the most popular attractions of the day. Seldom is an entertainment devised that contains so many elements of success as does this extravaganza. Music and mirth are most happily blended, and, added to this, "The Wizard" is one of the best scenic productions seen in along time. Two most unique characters are the Tin Woodman and the Scarecrow, and they are most wonderfully portrayed by Stone and Nice, and it would indeed be hard to imagine any

other comedians palving the parts better. No prettier chorus will be seen in a local playhouse for along time, and it is a matter of comment wherever "The Wizard" plays that all the girls are able to sing and dance as well as to look beautiful and wear charming costumes becomingly. Among the scenic effects, the cyclone scene, and the snow storm, are the ones most talked about, although these are only two of the many startling features in this department.

Scientific Precautions.

We disinfect with Dr. Geo. Leininger's Solidified Formaldehyde and Apparatus. No contagion. No bad order. Every scientific precaution taken. This method has been adopted by our Health Board, and nearly every Health Board, Hospital and School Board in the leading cities in the United States. The Pullman Co. disinfect 1,200 cars every week with Dr. Geo. Leininger's Solidified Formaldehyde and Apparatus.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. In fact, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.

OUTSPOKEN AND HONEST.

It is well for the Democratic party to have at least one outspoken man in the United States Senate, for unless we did, we would probably never get a glimpse at the true situation of things. Senator Tillman, of North Carolina, is a man of this calibre, and, besides, it can be said of him that even his bitterest enemies have never questioned his honesty. The other day Mr. Tillman said that we hear a great deal just now about great victories being won for the common people by President Roosevelt and his supporters; that these reports are unfounded; and, that it could not be shown where a single victory had been won for the laboring class. He also showed the position held by President Roosevelt, stating that his chief advisers, Elihu Root and Attorney General Knox, were both good friends of the favored interests. It may be well to investigate the charges made by Mr. Tillman and see who is right, and who is wrong. If you will only do so you will find Mr. Tillman pretty close to the truth.

EVERYTHING GOES.

The Louisville Board of Safety said the Sunday theatres must close. The theater managers said no. Thirty persons—managers, actors and employees—were arrested gave bond, and the plays went on. Monday morning, in the police court, Judge McCann said you could not discriminate in that way and dismissed everybody, and the Board of Safety will now have to be good. For wide open and all round cities Louisville should have the "bun." You can get anything you want there and several things you don't want. You can go from one extreme to the other without the least trouble. You don't have to wait even for the shade of darkness to get sandbagged and robbed on the street, you can get shot or cut by a negro without even winking your eye, you can be killed in the city and hauled to a fishing camp and have it said you were accidentally shot, go to most any of the churches and hear sermons from the most gifted pulpit orators in Kentucky, you can even hear "Bill" Owens and John Whallen make reform speeches—you can in fact get any old thing you want, and yet the people don't seem to be satisfied. Some people are awful hard to please anyway.

WE CAN'T HELP IT.

It is stated on authority that the person who travels in a palace on wheels—a palace car—has only one chance of getting hurt before his journey's end, against thirty-six chances of his fellow passengers in a common day coach. Naturally when a collision occurs, the weakest car suffers. In front of the train is a locomotive weighing one hundred tons; in the rear two or three parlor cars of twenty-five tons each. What, then, is the result? The ordinary coaches sandwiched between are telescoped and smashed. The poor people who cannot afford to ride in the palace cars are killed, crippled and maimed, while the rich folks escape with a slight shaking up.

Well, what of it? Suppose some people will want to hold the railroads responsible for them being born poor before many moons. We poor people must be satisfied with our lot. The poor man is rated at about a hundred to one shot and the rich man is always an even money favorite. So we had better let it go at that and take the poor man's chances without complaining.

IT SHOULD BE A CAUTION.

Geo. B. Cox thought himself firmly entrenched in Cincinnati and not only found himself mistaken, but now finds a committee of investigation investigating in the open and catching big fish in the very first haul in the deposit by his county treasurer of more than \$1,000,000 of public money in Cincinnati. The treasurer having received \$20,000 in "gratuities" for his favors to the banks. It is unnecessary to say that the committee meetings are all in the open for the investigators are Democrats. This should be a caution to machines and bosses, for it show conclusively in this instance that a machine can go so far and no farther, the day is certain to come when the stone wall that encircles it will be butted down by the people when they are once aroused and rise in their might.

SOMEBODY IS "KNOCKING" LEXINGTON.

The last issue of the Lexington Gazette contained an editorial on "the knocker". It would seem that somebody is "knocking" that wicked little city. The editor says, "he is usually some person who has not much business of his own, and plenty of time to give to other people's business." He didn't call any names but it occurred to us at once who he was talking about. Brother, you should not have been so personal, for ex-Mayor Duncan is a pretty good kind of an old fellow. Just like all the has-beens, a little sore you know. We admit though that he is the boss of "knockers" on your town.

THE WOODS IS FULL OF 'EM.

Whenever you find a fellow who wont express himself about a question which concerns the masses, just put it down that he is against the moral force of it," says the Nicholasville Journal.

You will also find him to be some little peanut-headed politician that wants to be re-elected, and who should never have been elected in the first place. We do not know which is the worst an opinion of his own or a man with an opinion and afraid to express it.

AFTER NEW FACTORIES.

The Cynthiana Commercial Club held a special meeting in the court house in that city the other night to discuss and formulate plans to secure several new factories that are contemplating locating in this section of Kentucky. The club has 160 members, most of whom were present at the meeting. We mention the above simply to let the Paris Business Mens' Club know what enterprising neighbors they are surrounded with. A "hint to the wise should be sufficient," but in this case we are afraid to say whether or not it will result in the desired effect.

AN EXPENSIVE LUXURY.

Governor Beckham says there will be no extra session of the Legislature—it is too costly. An extra session would cost the State from \$50,000 to \$60,000, as it costs nearly \$1,000 a day. Each of the 138 Senators and Representatives are paid \$5 a day, besides their traveling expenses; the presiding officers \$10 a day; the chief clerks \$8 a day, besides the extra clerks, doorkeepers, cloak room-keepers, Sergeant-at-Arms and pages. If the Governor would take the same view of economy when the State College is paying \$5,000 fees to some of his "pets" for doing a \$500 job, it might help a little in cutting down expenses.

UGLY FALL.

The venerable Judge James Flanagan, of Winchester, a companion of Henry Clay, and the great men of the generation that preceded the civil war, fell in that city Monday over a buggy shaft and injured his hip so that he had to be carried home. At his advanced age it is feared that serious results may follow.

THE BOY GUESSED RIGHT.

"Willie, I have to have my own glasses. I can't see through papa's; they make me dizzy." "I bet," said Willie, running to get his mother's glasses, "that's the reason dad came home so dizzy last night was because he had been looking through different glasses."

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Oberdorfer's drug store.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

A HYPHENATED AMERICAN.

Hyphenated Americans have come to be considered seriously as a social problem, but the wildest of immigration alarmists have not conceived of an extension beyond a single hyphen. That hyphenation can be extended indefinitely, is shown by the testimony of a teacher in one of the schools of the lower East Side in New York. This instructor was questioning a class of children in regard to their nationalities. "And now, Maggie," she said to a little girl of unmistakable Irish extraction, "tell me what you are?" "Sure," said Maggie, promptly. "I'm an Irish-American-Roman-Catholic-Tammany-Hall-Democrat." — New York Press.

WISDOM OF A WAITER.

Guest (in restaurant)—Bring me a Welsh rarebit, a boiled lobster, a bottle of imported ale, and a piece of mince pie. Waiter—Will you please write out that order and sign it, sir? Guest—What for? Waiter—As a sort of alibi for the house to show the coroner, sir.

GOOD ADVICE FOR THE NEGRO.

The following good advice from one of the leading negroes of the South was published in the State, of Columbia, S. C.: "This is to whom it concerns, and it concerns every man of the South that's working for small wages. It is intended for the man in black. I want to call your attention to the fact that unless at this point, where you are, you stop and turn back from the way of handling yourself and others, the future will prove fatal. We will be without homes and without work. We must learn to stick to our employment and do it as it should be done. We must realize that we are poor, with no means to live, except labor. We are sleeping on our rights, when we fail, in any form, to give satisfaction. We hear the chattering voice of a man from across the sea. He is in search of labor. They come in all forms, from silk hats to overalls, looking for work of every description.

So we must realize the trouble that is at our door, let me advise you to stop and consider our condition and lead a more temperate life. Let the best thinking negroes draw a picture for the ignorant. Put your minds together, as men of war; there is plenty of work to be done. We can do it as well as the foreigners, and if we don't turn around and make a better start it will be too late. The foreigners are coming fast to the American soil and are filling up the south as well. They are taking the place of the negro and the poor white man. Let's stop and think what to do. What will become of these two races that are in sack cloth and ashes? The alms houses and chain gangs will be filled with vagrants; so let us make a start to-day and try to do better work for our employer; we can give the same satisfaction the foreigners give. Twenty years ago our fathers did the work that the man across the pond is doing to-day. Go nice, look neat, give good results when employed. We have the best chance of any race in America. We are in the cotton State, with their good soils, where there is no need for a man to loaf.

My advice to the colored man is to start from to-day to make a better citizen by lessening liquor and gambling habits. Put your shoulders to the labor's wheel and, when you do this, you will get the blessings of God, and the good feeling and protection of the white man. I have paid good attention to the young men of Columbia and it seems that they have turned their backs on everything that leads to a better life. Let me beg you one and all, as a friend, to stop before the door of hope is closed. Listen to the call that is being made at your door every day, and unless you reform in a near future it will be too late. I long to see the day that each young man of my race will become a valuable citizen, and when we do this we can get all the assistance from our white friends.

Thanking you, Mr. Editor, for room in your paper, and I hope that each member of my race that reads this will make a change for a better life.

JUDGE RIDDLE VACATES BENCH.

The case of the Commonwealth vs. James Hargis Ed. Callahan, B. F. French, John Abner and John Smith was called in the Breathitt Circuit Court Tuesday morning and the Commonwealth's Attorney announced that he was ready to take up the argument on his motion for a change of venue. Attorneys for the defendants requested time for consultation and when they returned declined to argue the question of change of venue and presented a motion, supported by affidavits of defendants, asking that Judge Riddell vacate the bench and contending that it was a violation of the rights of the defendants for him to preside in the case. Among other reasons presented was the relationship existing between Judge Riddell and the late J. B. Marcum, on account of his sister being the wife of Tom Marcum, brother of the deceased.

Upon a consideration of the defendants' motion and affidavits the Judge decided that they were sufficient to require him to vacate and he accordingly refused to consider any other motions in the case and passed a motion for change of venue until further developments.

The clerk was directed to prepare a certificate showing the vacancy and necessity for the appointment of a special Judge. His appointment will probably be made in the next few days.

Gov. Beckham yesterday appointed Judge J. L. Dorsey, of Henderson, to take Judge Riddle's place at Jackson.

He left Henderson for Jackson immediately. He is considered one of the ablest jurists and lawyers in Western Kentucky.

CARROLL GETS IT.

The Court of Appeals Tuesday appointed as commissioner of that Court John D. Carroll, of Henry county, under the act recently passed and approved by Governor Beckham. Mr. Carroll was sworn in at once, and assumed his duties. His salary will be \$5,000 a year, and while he will have no vote in deciding cases on appeal, he will prepare such cases as the Courts submit to him.

STATE FIRE MARSHAL.

The Kentucky Senate has adopted a bill creating a State Fire Marshal. The Marshal is to be appointed by the State Commissioner of Insurance and is to receive a salary of \$2,400, to be paid out of a fund created by a tax of one per cent. on gross premiums collected by fire companies in the Kentucky field.

VERDICT FOR \$10,000.

At Madisonville in the Circuit Court Harry Brown was given a verdict of \$10,000 against the Louisville & Nashville Railroad Company. Brown was a fireman on said road, and in a head-on collision at Victoria mines last May he had a foot and leg badly mashed. The jury was out only nineteen minutes.

SOTHERN AND MARLOWE AT LEXINGTON.

There is every promise of a superb performance and a marvelously magnificent production when Charles Frohman presents E. H. Sothern and Julia Marlowe in "The Taming of the Shrew," at the Lexington Opera House Monday night. This, it seems to be the general verdict, is the finest presentation of Shakespeare's famous comedy yet seen on the American stage. Mr. Sothern and Miss Marlowe seem to have condensed all their resources in the way of comic art in a superb effort to fill it with merriment, and by all accounts they have succeeded. Boisterous the merriment may be at times, but the mirthful element never fails from beginning to end. The action is as brisk as the comedy of today, and the two chief players are said to have imbued their roles with so much of their own persuasive individualities that their interpretations are almost modern. By all accounts they have made Petruchio and Katherine very human, and this fact has much to do with the popular quality of the success which they have achieved. This will be the dramatic event of the entire season. Mail orders for seats will receive attention.

AMUSEMENTS.

The following attractions are booked to appear at the Lexington Opera House this season; other important bookings will be added:

REMARKABLE RAILROAD TRAIN.

A remarkable railroad train will be run from St. Paul, Minn., on March 4. It will carry a staff of grain experts, who will disseminate knowledge of methods to increase grain yields and to fight grain diseases. The trip has been planned by the Superintendents of the Minnesota and North Dakota Farmers' Institutes, and the railroad company gladly furnishes a special train and a crew of men, leaving the entire management of the trip in the hands of the conductors of the farmers' institutes, which are supported by their respective states. The railroad company believes that the information thus disseminated will result, in a few years, in an increase grain yield, and is willing to assume a large part of the cost of giving instructions in simple methods which may be applied on any farm for bettering the crop in quantity and quality.

RECOMMENDED ITS PASSAGE.

The Senate Committee on Appropriations Wednesday night took up consideration of the tuberculosis sanatorium bill, and after slicing the amount asked, \$50,000, to \$30,000, recommended its passage. The committee cut the \$40,000 for the establishment of the sanatorium to \$20,000, but left the \$10,000 requested for maintenance as drawn up in the bill.

YOUTSELF AILING.

The story has gone abroad from time to time that the wife of Henry Youtsey, serving a life sentence in the penitentiary as one of the conspirators who murdered Governor Goebel, was contemplating divorce proceedings. The contrary is true. Mrs. Youtsey and members of her family are endeavoring to have him paroled. He is said to be failing in health. His wife, who is a most estimable lady, has borne her sorrows with resignation and aided her husband in every way she could.

BUYS ANOTHER PAPER.

Mr. J. M. Allen, editor of the Cynthiana Democrat, has purchased of Mr. Carl Musser, the Cynthiana Times. Both papers will be kept running as usual for the time being.

Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not breed the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

\$50,000 GIVEN AWAY. In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$1.50 per copy. Last year we gave away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

DECISION ON SUNDAY LAW.

Discrimination was the ground on which Judge John McCann, of Louisville, on Monday, dismissed the cases against those employees of theatres opened Sunday, who were arrested Sunday afternoon on the charge of working at their trade on the Sabbath day. Judge McCann's decision in full is as follows:

When a statute like the one on which these arrests were made contains, as it does, the prohibition of any person or any business man engaging at his trade or calling on Sunday, unless this trade is a work or calling of necessity, it has to be construed broadly. This statute relates to the number of different businesses. Now in those cases at bar, only three places are embraced in the order to be closed on Sunday, now the statute embraces a great number of trades and callings which are not molested. When these persons are arrested for a violation of what is commonly known as the Sunday law, a discrimination cannot be made. You cannot enforce a law that is general in character and seek out and arrest a few persons

whose work and calling is said to have been carried on. This would be giving exclusive rights to many persons. Other questions many years ago were determined by several Judges of our city and county, giving as I believe, decisions on this same statute, but, perhaps not on the points raised in this case.

The warrants are dismissed.

The Louisville & Nashville Railroad Company is considering the construction of a line from Paris or Carlisle to Mt. Sterling, says a correspondent from the latter city. He says F. W. It adds that if the road is built from Paris it will probably be extended into the mountains.

WM. SAUER.

PART OF THE TOWN IN DARKNESS.

The back streets bore a gloomy appearance last night in the absence of the gas lights. The contract of the Paris Gas Co. with the Wellsbach burner people expired on March 1st. Mr. Dolph in renewing his contract with the city got the permission to use another burner, he having to pay the Wellsbach people \$6.50 a post per year for the use of their lamps. The Wellsbach people got ruffled and beat Mr. Dolph to the manufacturer where he was to purchase the other burners and bought all they had on hand, thus putting Mr. Dolph in a hole for a few nights until he is able to secure his burners. Such is the way monopolies of this kind do business. The Wellsbach people moved every lamp from the posts in the city yesterday trying to force the people to use their burners.

Dozens of American flags were seen in every conceivable place. Pretty cut flowers decorated the tables. courses, followed white ice trimmed
with green cherries. The remainder

HARRISON CIRCUIT COURT.

The February term of the Harrison
Circuit Court is now in session. A
special Judge will probably be appoint-
ed during the term to try Curt Jett,
who is now serving a life sentence, for
the murder of James Cockrell three
years ago at Jackson. Judge Fryer
was the Commonwealth's Attorney
when the case was tried there two years
ago, hence the appointment of special
Judge now to try the case.

It's a hard world for the man who be-
lieves that Providence owes him an
easy place.

The man who delights in giving faith-
ful wounds does not thereby prove him-
self a friend.

STRANGE ADVICE!

Dr. C. G. Green gives alert personal attention
to his great humanitarian contract.

In our Almanac for many years past we
have given unusual advice to those afflicted
with coughs, colds, throat or lung
troubles or consumption. We have told
them if they did not receive any special
benefit after the use of one 75-cent size
bottle of German Syrup, to consult their
doctor. We did not ask them or urge
them to use a large number of bottles, as
is the case in the advertising of many
other remedies. Our confidence in Ger-
man Syrup makes it possible for us to
give such advice. We know by the ex-
perience of over 35 years that one 75-cent
bottle of German Syrup will speedily re-
lieve or cure the worst coughs, colds,
bronchial or lung troubles—and that,
even in bad cases of consumption, one
large bottle of German Syrup will work
wonders. New trial bottles, 25c.; reg-
ular size, 75c. At all druggists.

THE FAIR

**The Fair The Fair
The Fair**

From "A" to "Izzard."

Anything in Crockery from "A" to "Izzard," that in brief, describes THE FAIR'S stock. Nothing that a well-ordered China store should contain is lacking, or shown in scanty or indifferent assortment. One may come to THE FAIR for any need, from a 5c dish to a full dinner set; in full confidence that our stock when weighed in the balance, will not be found wanting.

The Humbler Grades Of Crockery.

We seldom say much in our ads about the humbler grades of Crockery—the low-priced, every-day kind for common use—our finer China being naturally the principal subject of our advertising. But it may be well to occasionally remind you that our stock of Staple Crockery is satisfyingly large and diversified. It contains everything needed for ordinary use, in plain, substantial qualities well adapted for the severities of everyday service; and in wide assortment of size, shapes, etc. Cups and Saucers, Plates, Platters, Bowls, Vegetable Dishes, Meat Dishes and the like, are to be had at as low prices as are anywhere quoted; and the same is true of all kinds of Toilet Crockery, such as basins, etc.

Prices vary so widely, according to size and style, that it would be futile to try to quote any of them here. But we assure you that you will have no fault to find with the values we give.

WANT NORMAL SCHOOL BILL.

A conspiracy has been hatched at Frankfort to get the Normal School Bill out of the hands of Ed Shellman, chairman of the Committee on Appropriations. Representatives Gooch, Haed, Suthall, McCarty and Frazier have signed a favorable report on that bill. The majority expected to perform last Wednesday. Mr. Head had the report in his pocket. It was planned for him to get the recognition of the Speaker and submit his report. Then a motion was to have been made to force Chairman Shellman to stand and deliver. There was some talk of trying to have the sergeant-at-arms to conduct the delivery. Mr. Head was on the point of carrying out his part of the plan, when the House stampeded for the door just after the School Board Bill passed by such a narrow margin, and a recess to Friday had been declared. Mr. Shellman is said to have told some one that at some time he might report the bill. If it is not done, after the Revenue Bill has been disposed of, the majority of the committee will take summary action.

CORRECT, OLD MAN.

During a heated political discussion between a number of men one excitedly asked: "What is a boss, anyway?" Nobody seemed anxious to answer, but all turned somewhat expectant eyes towards Mr. Meekington, who had been taking a leading part in the discussion. "You'll have to excuse me," said Mr. M., noting the expectant attitude of the crowd. "The only boss I know is the head of my modest household, and politeness to a lady prevents me from commenting upon her characteristic."

HE DESERVED THE CROWN.

It happened Once upon a Time that when a Shade presented himself at the Pearly Gates, he was received with Great Homage, and a crown that was weighted with Jewels was put upon his head. "But why?" asked other Shades gathering around. "He never gave a Fortune to a Theological school, or helped out the Foreign missions, and never even attended Church." "But he had a wife who imagined she was a great sufferer," replied the Chief Clerk in the crown room, "and was always patient."
